CULTURE
Our great location is one of the many advantages of studying at Henley. The Whiteknights campus is only a short distance from Reading town centre, which has some of the best retail and entertainment facilities in the UK. London Paddington is just 22 minutes from Reading by train. Direct links with both London Heathrow and London Gatwick airports. Oxford, ‘the city of dreaming spires’, is just 25 minutes by train.

If you prefer the countryside to city life then there are plenty of attractive riverside towns and villages to discover along the beautiful Thames Valley, as well as country walks in the Chiltern Hills. Plus, Bicester Village – the designer outlet shopping centre – is just an hour away by car.

The town has a proud history of welcoming people from across the globe, and international students often comment on the warm atmosphere and multicultural vibe found here.

The ultimate location to further your ambitions.

Whiteknights campus is a beautiful green oasis, with its distinctive woodland walks, conservation meadows and large lake. Its appeal stems from both the natural beauty of the landscape to the University’s architectural diversity.

We have 130 hectares of green parkland surrounding a central hub of key buildings, so you’ll find plenty of places to relax during the day. The campus is at the centre of University life and provides a special sense of community.

Our beautiful parkland campus at Whiteknights was voted one of the best open spaces in the UK and awarded the prestigious Green Flag in 2019 for the ninth consecutive year, recognising it as one of Britain’s top green spaces.

Green Flag Award
All international students are made to feel welcome on campus. The Students’ Union building at the centre of campus includes Blackwells bookshop, a Korean food store, bagel shop, Bubble Tea bar, a hairdresser, personal mailboxes and a printing and binding service. There are a number of great places to eat, where you can find a wide variety of food from stir fries to pub lunches.

NEED A VISA?
You will generally need a visa to study in the UK if you are a national of a country outside the European Economic Area (EEA) or Switzerland. If the course you are applying to is shorter than six months, you can enter on a short-term study visa. If your course is longer than six months, you will need a Tier 4 (General) visa. You can only apply for a visa once you have been offered a place on a course and meet all other eligibility prerequisites. It is your responsibility to meet the requirements of your visa and leave the country by the date it specifies.

We provide an on-campus immigration advice service should you need any information while you are here. From the summer of 2021, the UK’s new Graduate Route post-study work visa allows you to apply to stay in the UK for up to two years after you graduate, with the opportunity to undertake skilled work. View the University website for the latest information.

REAL ESTATE & PLANNING

The MSc in Real Estate at the Henley Business School appealed to me because of its unrivalled reputation and access to a vast industry network. Upon starting it was obvious to see why, as I gained immediate exposure to industry professionals through countless networking opportunities and events hosted throughout every week! Not only that but the course offers a well-structured and balanced array of modules that has allowed me to select the pathway best suited to my particular interests in the sector. A challenging but most importantly enjoyable experience.
